To whom it may concern,

I am writing on behalf of Aaron Martinez as his primary care physician and to confirm that he experienced a period of significant emotional and psychological stress in the spring and fall terms of 2011, which necessitated his taking a medical leave of absence in the spring of 2012. I believe his leave of absence was clearly medically indicated.

If you have any questions in this regard, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Peter W. Choo MD".
